A Teacher's Poem

Everyday you greet your students with the smile up on your face, though paper work the night before seeing the like a grueling race.

Money is not your motivation it's the love for what you do you hear that special calling to which you always will stay true.

Your students are your dedication devotion is to them to you each child's unique and special, a beautiful little gem.

Some days are demanding and frustration takes its course then you see those little faces, there inspiration is your force

Each day you are in your classroom reminds you why you are there making differences in children's lives with whom your heart you share

There's a special pride in teachers and love for what you do and appreciations always shared between those little lives and you!
